

OCEAN *of* FLAVOURS

ONE OCEAN - MANY FLAVOURS

Chef Alphonse Ishice Kocé (New Caledonia)

Chef Alphonse Ishice Kocé's culinary journey is shaped by an unwavering pursuit of excellence and a profound respect for exceptional ingredients.

His career began under the mentorship of the legendary French Chef Joël Robuchon in London before continuing as Assistant Chef at STAY by Yannick Alléno, in Dubai.

Today, Chef Alphonse's cuisine reflects both technical precision and heartfelt creativity and is deeply inspired by his Kanak roots and the rich natural heritage of New Caledonia.

Each creation celebrates the dialogue between tradition and innovation, revealing the authentic flavours of the land and the sea, while every menu is conceived as a sensory journey, where each plate tells a story, awakens emotion, and leaves a lasting memory - more than a meal, it is an invitation to discover the soul of a place through the language of gastronomy.
